**Color Wheel**

### Primary Colors:
- [ ] ____________
- [ ] ____________
- [ ] ____________

### Secondary Colors:
- [ ] ____________
- [ ] ____________
- [ ] ____________
- [ ] ____________

### Tertiary Colors:
- [ ] ____________
- [ ] ____________
- [ ] ____________
- [ ] ____________
- [ ] ____________

### Complementary Colors:
Colors directly opposite each other on the color wheel.

Use your color wheel to fill in three examples of complementary colors:

### Analogous Colors:
Groups of three or more colors that are next to each other on the color wheel.

Use your color wheel to fill in an example of analogous colors:

### Monocromatic Colors:
A group of colors that are tints and shades of a single color.

Select a color and mix a tint and shade of that color to show an example of monocromatic colors:

- [ ] ← [ ] → [ ]

### Tint:
Is the mixture of a color with white, which increases lightness.

### Shade:
Is the mixture of a color with black, which reduces lightness.

Use your color wheel to fill in an example of analogous colors:

- [ ] ← [ ] ← [ ]
